Tips from a 2024 Judge for 2025 Award Nominees

- Tell your story with heart and passion
Judges want to understand what makes your business unique. Don't just list achievements, explain your journey, values, and what drives you. Show us your passion, not just your products.
- Use Evidence to support your case
Whether it's customer feedback, sales growth, community involvement, or environmental impact, include real data and examples.
- Be clear and concise
Write with clarity and use bullet points if needed. Keep your answers focused on the question.
- Celebrate your wins
Many business owners undersell their achievements, share your milestones and the impact you've made without hesitation.
- Get your team involved
Great businesses are built by great people. Include perspectives from staff, customers, or partners if relevant.
- Start your application early!
